

COUNTY GRAMMAR SCHOOL FOR GIRLS
FARINGDON
BERKSHIRE

TELEPHONE: FARINGDON 3164

18th March, 1965.

I am pleased to write on behalf of Barbara Swatton who was a pupil at Faringdon County Grammar School from September 1955 until July, 1962.

Barbara had a very successful school career, and although rather reserved and one of the younger members of the sixth form, her seriousness of outlook, strong sense of responsibility and gifts of leadership made her one of the natural leaders of the form and school.

In her last year at school she was deputy Head Girl and a House Captain. She played hockey, tennis and cricket for the school, and was a member of the school choir. She is an accomplished pianist and a good accompanist.

Barbara has very good ability, of which she makes full use. In July, 1960 she obtained good passes in eight subjects at Ordinary Level and in July, 1962 very creditable passes at Advanced Level in pure and applied mathematics, physics and chemistry. She is enjoying her University course, working hard and taking part in College activities. She sings in the College choir, has represented the College in both hockey and tennis and is a member of the departmental societies.

Since she has been at University Barbara has become increasingly interested in education, particularly of juniors, and has decided she would like to teach. Her ability - academic, athletic, musical and organising - together with her concern for others, should make her an asset to any staff. She has my good wishes for the future.

A. J. Towns.
